

Commencement of inquiry into ASIO

The Inspector-General has decided, of his own motion, to commence an inquiry into:

- a) ASIO's policy and procedures and general practices on the interviewing of persons of security interest, as they stood in November 2003 and currently.
- b) Actions taken by ASIO in respect of Mr Ul-Haque throughout 2003.

The *Inspector-General of Intelligence and Security Act 1986* requires that inquiries be conducted in private, so the Inspector-General will not be making any further comment as the inquiry progresses.
